

ACREAGE DOUBLED

The acreage planted to tomatoes for canning is increasing each year. The crop of 1916 was nearly double that of the year before, and since then the increase has been very great. Canning factories are developing in many portions of the state and especially in those sections where tobacco cannot be grown successfully. Of course, tomatoes do not bring the big sums per acre which tobacco has been paying; but it should be borne in mind that the crop is harvested and paid for before late autumn. Growers who understand the growing of tomatoes can secure at least ten tons of fruit to the acre which means from \$140 to \$180 for a summer crop which does not sap the land of its strength. Circular No. 71, "Growing the Tomato" has just been prepared by the College of Agriculture at Lexington. It goes to anyone who writes for it.

Beef, pork, veal and sausage at Vanarsdell's.

The Ford is undoubtedly the most popular car in America today, and the fact that the factory is always behind with its orders is proof conclusive of its merits.

PACIFIC MUTUAL PAYS POLICY

Mr. and Mrs. Chas. G. Pangburn have received a check from the Pacific Mutual Life Insurance Company, of Los Angeles, Calif., covering the policy on the life of their son, William B. Pangburn, who was killed in action in France.

The policy was paid by the stockholders and not by the policyholders which is the custom in mutual companies. Mr. H. G. Hoffman, the local agent, is highly gratified at the action of his company in settling this policy.

JOHN DUTY COMING HOME

Mr. and Mrs. Bruce P. Duty have received a message from their son, John S. Duty, who has been in France with a fighting division for several months, stating that he had arrived at an American port and will probably be sent to Camp Zachary Taylor for discharge. This will be welcome news to the many local friends of this gallant Kentucky boy who has spent many weary months close to the firing line.

Old papers for sale. Apply to this office.

JOHN W. JONES JEWELER

The names Jones and Jeweler have been so long linked together in the history of Mt. Sterling that they have become synonymous.
